Dream Team
Medical Supply Room called
"The Body Shop"

Dream Team Supports Mission Efforts **Jinja, Uganda**

Ben & Kym Langford are missionaries supported by our church in Jinja, Uganda. During their recent visit back to Tulsa the Team learned that Kym would be having a baby after they returned to Uganda later this year. Kym informed us that they have a hospital & doctor there BUT patients are required to bring supplies needed by the doctor, staff, &/or her. The hospital just doesn't have the means for supplies (including gowns & sheets). Memorial Drive – through the Dream Team supply room sent Ben & Kym off with a trunk load of sheets, gowns, medical obstetrics supplies & dressings. The team also sent extra supplies for them to give the hospital as a Thank You from us for taking good care of our Kym! ☺

The Body Shop - Grand Opening
The Body Shop is the name given to the medical supply room by team members.

The room serves as a collecting point to store and distribute medical supplies to customized medical field teams & medical missions on local, national, and international levels.

Others that have been blessed from supplies in *The Body Shop* include several people while visiting the *Food Pantry* (Memorial Drive is blessed by Ministries that partner together), as well as some of the elderly within our congregation.

Body Shop Thank s YOU!
Thank You to Randy Ashlin for donating the First Responder Medical Kit and O2 tank. What an asset for the disaster relief team!

Important Note From Roger

GUYANA MISSION TRIP MEETING
If you are going to Guyana please plan to attend the meeting following church next Sunday
In front of the Rainbow Room
